The New York Central Strike Growing Serious.

A BLOODY DAY AT ALBANY.

Fifteen Pinkerton Men Under the Care of Surgeons and Five Citizens So Badly Wounded That There are Fears for Their Recovery—More Trouble Hourly Feared.

ALBANY, N. Y., Aug. 18.—The most disastrous day in the history of the New York Central railroad strike closed last night. Fifteen Pinkerton men are under the care of surgeons, and five citizens are so badly wounded that there are fears for their recovery. Three Pinkerton men were arrested, and one was so severely handled by the mob that the police surgeon had to dress his wounds. The trouble was at the Van Woert street crossing, a few blocks west of the passenger depot and where the freight trains run onto the bridge. Sunday morning early, crowds began to gather and by noon there was a huge crowd.

Everything was quiet until at 11 o'clock a freight train came down from West Albany. On the top of each car was two Pinkerton men armed with repeating rifles, and as the cars passed by they flourished them. Suddenly, and without provocation, one of the men fired, and Richard Dwyer, a boy, aged 12, fell, shot in the thigh. The excitement was intense, and a rush was made for the train, and so successful was it that James Hutton, who fired the shot, was caught. The police charged the mob and rescued the man just as they had him up against a tree ready to hang him. He was badly battered up when locked up.

A few minutes after John Houck, a lumber handler, aged 22, was arrested for stoning a train. At 3 o'clock a freight train bound west came over the bridge guarded by Pinkerton men. When it reached the city several of the Pinkerton men, without provocation, opened fire. Mrs. Thomas T. Hogan was shot through the leg, and a small boy was shot in the thigh. The crowd by this time was wrought up to a fearful pitch of excitement, and only by the efficiency of the local police, aided by committees from the strikers, were they kept back.

At 4 o'clock when the excitement had begun to cool down another freight train came through and the Pinkerton men again fired into the crowd, a boy, named Frank Parks, receiving the bullet in his arm. Officer Munn jumped on the train and tried to find the man, but was unsuccessful. He was carried back to East Albany on another train and there was assaulted by the Pinkerton men, although he was in full uniform. All the police of the city are massed at this point and trouble is expected.

Robert Pinkerton asked for the release of Thomas Burke who was arrested under arms, but Chief Willard refused, saying that the men were inciting the people to violence. Mr. Pinkerton said that it was simply a matter of protecting the new brakemen and was necessary.

The only freight train moved yesterday were refrigerator and empty cars. The blockade at West Albany is almost as bad as on the first day of the strike.

The Pinkerton men claim that the crowds stoned them before they fired any shots. Their statement, however, is not borne out by such testimony as the police have been able to obtain as yet.

Capt. Sheridan, of the Third precinct, where the trouble occurred, said to a United Press reporter: "It is true that a few women and children threw stones at the men on the freight trains early in the afternoon, but I saw the Pinkerton men fire at the groups of people on the street who had nothing to do with it whatever and without provocation. I told Mr. Pinkerton of this, but he simply said it was in self-defense."

At Buffalo.

BUFFALO, N. Y., Aug. 28.—To all outward appearances there is nothing new in the strike situation. No attempt is made to do any work in the New York Central yards. The Lake Shore continued to bring in freight yesterday, although in very small quantities. Mr. J. M. Lee, who ordered the strike of the Knights of Labor in the first place, reached the city yesterday, and was in close consultation with the strikers during the day. He will stay in the city as long as he is needed.

Grand Master Sweeney, of the Switchmen's Mutual Aid association, is here, and expects to meet Mr. Sargent, Mr. Wilkinson, of the brakemen, and Mr. Clark, head of the Brotherhood of Railroad conductors.

Fifteen new men from the west passed through Buffalo last night on their way to Albany to take the place of the strikers.

No Trouble in New York.

NEW YORK, Aug. 18.—All the regular passenger trains on the New York Central railway left on schedule time yesterday. The incoming trains also came in without any delay. No freight trains were sent out, but the railroad officials say they will be run regularly to-morrow.

Vice President Webb said yesterday in reply to the talk of conference with Mr. Powderly: "I will be most happy

to see that gentleman, but I cannot say what the result will be."

"Will you treat with him as a labor representative on the present issue?"

"Now, I cannot answer that question. The public will doubtless hear of it soon enough if I do," was Mr. Webb's reply.

A Settlement at Chicago.

CHICAGO, Aug. 18.—The strike of the switchmen of the Rock Island railroad was brought to a temporary conclusion last night. The company, through General Superintendent Chamberlain and Yardmaster Corey, agreeing to reinstate Fireman Murphy and keep him at work pending an investigation of the charge that he reported for duty while drunk. The men immediately returned to work. The loss to the Rock Island on account of its temporary suspension of freight traffic will not be very great.

ATTEMPTED ASSASSINATION.

A Colored Editor Assaulted by Men of His Own Race at Birmingham, Ala.

BIRMINGHAM, Ala., Aug. 18.—An attempt was made Friday to assassinate H. H. Harrison, a negro, who is editor and publisher of The Citizen, a weekly paper published in the interest of his race. He was knocked in the head with a piece of iron by a negro named Sutton and badly injured. Three or four negroes armed to the teeth were searching for Harrison Friday afternoon, and he applied to the mayor and chief of police for protection, which was given him.

About ten days ago a small german was given by colored society people. In the next issue of this paper Harrison charged that certain colored men took women of doubtful character to the ball and danced with them. For this he claimed to have been threatened with bodily harm. In his paper he followed up the article with the names of the men and women, and denounced in severe terms at the same time, mentioning the threats and announcing that he was prepared to defend himself. Several colored men, it is said, have sworn to kill him on sight, and further bloodshed is expected before the matter ends.

A Successful Mission.

PITTSBURGH, Aug. 18.—C. L. Magee is in receipt of a private cablegram from M. Bigelow, chief of the department of public works, of Pittsburgh, now in London, stating that his mission in London has been successful, and that he has secured from Mrs. Schenley nineteen acres of ground adjoining the city for a park by Mrs. Schenley. The nineteen acres front 3,900 feet on Forbes avenue, and are to be used for the main entrance to the park grounds. On this plot will also be erected the main buildings of the Carnegie free library and art buildings, which Mr. Carnegie proposes to build and endow to the extent of \$4,000,000. The plot of ground has a market value of over \$200,000.

Built the Road on Sunday.

LOGANSPORT, Ind., Aug. 18.—At 4 o'clock Sunday morning, two hundred Pennsylvania trackmen arrived here and in forty minutes laid a second track one-fourth of a mile on Canal street in the face of the protests of property owners and in violation of a restraining order issued in 1885. During the operation a property owner attempting to stop the work, when three policemen it is alleged, seized him and held him. The mayor in the afternoon called the police board together and the officers were deprived of their stars and dismissed from the force. Superintendent Bennett, Trainmaster Green and Supervisor Jones were arrested later in the evening and gave bond.

A Child Terribly Scalded.

UPPER SANDUSKY, O., Aug. 18.—A 2-year-old child of John Will, on Second street, was seriously, if not fatally, scalded Saturday afternoon. Its mother had set a boiler of boiling water on the floor in the room in which the child was playing. The child stumbled against the boiler and fell in. Its screams attracted the attention of Mrs. Will, who quickly rescued the child, but not until its head, face, shoulders and arms were fearfully scalded. It is thought, however, that it will recover.

Secret Meeting of Railway Men.

BELLEVUE, O., Aug. 18.—A secret meeting of engineers, conductors, brakemen, firemen and switchmen connected with the Nickel-Plate road was held here yesterday. The object of the meeting was to discuss the different phases of work in their several departments and to form some sort of amalgamation whereby they would better understand each other. The men all say they have no thought of striking, this is the third meeting of the kind held in a year and it was a success in every way.

Track Laid and Torn Up.

DAYTON, O., Aug. 18.—Saturday night seventy-five workmen in the employ of the Pennsylvania company laid a railroad track along and across Linden avenue, in one place occupying nearly the entire street. When discovered by the authorities Sunday morning the work was nearly completed and it was too late for an injunction. Later in the day the city commissioners employed a force of men who tore up the track completely.

Young Lady Mysteriously Disappears.

MARTINSVILLE, Ind., Aug. 18.—Miss Lena Myers, a prepossessing and highly respected young lady, 25 years of age, who resides with Charles Neal, a wealthy farmer, south of Brownsburg, is mysteriously missing. She retired Thursday night at the usual hour, seemingly in the best of spirits, but her room was found vacant next morning, with nothing left behind to tell of her whereabouts.

A Valuable Find.

COALTON, O., Aug. 18.—A valuable find of fire clay has just been discovered two miles west of this place. The vein is four feet thick and of a very fine quality.

Express Train Robbed

The Thieves Secure Ninety Thousand Dollars

AND MAKE GOOD THEIR ESCAPE.

The Robbery Takes Place at "Robbers' Cut," Near Otterville on the Missouri Pacific Railroad—A Sheriff's Posse in Pursuit of the Robbers.

KANSAS CITY, Aug. 18.—The safe of the Pacific Express company was robbed of \$10,000 by train robbers on the Missouri Pacific railroad Sunday morning. The train, which was the Kansas City limited express No. 3, left Tipton, Mo., at about 3 a. m. Two mysterious figures were seen by the engineer lurking around the forward end of the train, but no particular attention was paid to them. Just after leaving Tipton the fireman turned toward the tender to fire up the engine and looked squarely into the muzzle of two revolvers in the hands of two masked men who were lying on their faces on the top of the coal. One of the bandits covered the fireman with his revolver, while the other took care of the engineer. They were told to hold up their hands and the engineer ordered to run the train to Otterville water tank, in "Robbers' Cut," just east of Otterville.

When "Robbers' Cut" was reached the engineer was commanded to go to the express car and tell the messenger to open the door. He did so, under the threat of death if he should fail. When he reached the express car he found the two robbers had five confederates stationed at convenient places about the car, all heavily armed and their faces concealed behind masks. He walked to the door of the express car and called to the express messenger, Sam Avery, to open the door. Avery, suspecting no danger, pushed back the door. As he did so the leader of the robbers and one confederate pushed their revolvers in and ordered the messenger to hold up his hands. The order was promptly obeyed and three of the robbers jumped into the car. Avery was commanded to open the door, and at the point of a revolver did so. One of the robbers unfolded a sack and into it were placed the entire contents of the safe. The robbers then made their escape without attempting to molest the passengers.

The engineer pulled the train into Otterville, a half mile distant, where a part of the crew were left to arouse the sheriff and organize a posse to pursue the robbers. The news of the robbery was also telegraphed to the headquarters at St. Louis, and all the available detective force of the road was sent to "Robbers' Cut." The sheriff's posse and the detectives are now scouring the country for the robbers. The exact amount of money and valuables stolen cannot be learned, but it is understood the money in the safe aggregated about \$75,000, mostly in paper money, and that the other valuable paper money amounted to about \$15,000. The robbers are unknown.

NORTH CAROLINA NEGROES.

This Year the Exodus Will Be Fully as Great as Ever Before.

RALEIGH, N. C., Aug. 18.—The negroes of this state have an emigration society which co-operates with the railway agents from the south and west in furthering the exodus of the blacks. It is learned from the Rev. J. R. Ferebee, vice president of the association, that next autumn and winter the movement will be fully as great as ever before, but will be to the north and west. Railway agents are already here making contracts for the wholesale removal of the blacks. They find willing helpers in the officers of the emigration societies. The movement will begin in October. It is stated by Mr. Ferebee that it will at first be from the turpentine region, a little southwest from the center of the state.

An Aged Lady Fatally Burned.

MADISON, Ind., Aug. 18.—An old lady named Donovan, of North Madison, met with a most peculiar accident Saturday morning, which came near costing her life. She started for Madison to get medicine for her husband. Coming down the railroad incline, she passed a freight train and a moment afterwards discovered her dress afire, having ignited from a spark from the locomotive. She screamed and began running down the hill. Some trackmen near by ran to her assistance, and succeeded in extinguishing the flames but not until the aged lady had received dangerous and perhaps fatal injuries.

Shot by a Colored Tough.

INDIANAPOLIS, Aug. 18.—John Coleman, alias "Kaintuck," Saturday night fatally shot William Robinson in the stomach and escaped arrest. The fight occurred while playing contz. Both are colored. Coleman is believed to be the negro who killed the marshal of Haughville two months ago.

Will Never Serve His Time.

ABERDEEN, Miss., Aug. 18.—W. D. Tyler, a traveling sign painter, while being conveyed from Macon to the county work farm to work out a sentence for house-breaking, jumped through the car window while the train was in motion and broke his neck.

Tried to Commit Murder.

NEWARK, O., Aug. 18.—John Costly, colored, tried to murder his wife yesterday with a hatchet but failed in the attempt.

LAST OF THE WYANDOTS.
Death of Margaret Solomon Near Upper Sandusky, Ohio.

MOTHER SOLOMON.

UPPER SANDUSKY, O., Aug. 18.—Margaret Solomon, better known in this vicinity as "Mother Solomon," the last of the tribe of the Wyandot Indians, died yesterday in her humble home north of this city, on the banks of the Indians' beloved Sandusky river. She was a full-blooded Wyandot Indian, the daughter of John Grey Eyes, a noted chief. She was born in 1816, and when in 1821 Rev. Finley opened his mission school Margaret Grey Eyes was the first little maiden who was brought to be taught.

When the Indians went west in 1843 she went with them, but some years ago, after her husband, John Solomon, died, she returned and bought the home where she lived quietly and alone. Of all the Indians who parted from their beloved church in 1843 she was the only one who was present at its restoration; being the only one of the tribe living in Ohio—the last of the Wyandots.

MORE WHITE CAPPING.

A Young Farmer Brutally Whipped in Daviess County, Indiana.

WASHINGTON, Aug. 18.—The Daviess county White Caps broke loose again Friday night in the northern part of the county, and this time they donned a new disguise, with the hope of escaping detection. Their victim is Joseph Wilkey, a young farmer living near the village of Epsom. Wilkey is a married man and the father of several children. He is a member of the Methodist church and has always been regarded as an upright, honorable man.

Fearing no intrusion from midnight marauders, Wilkey seldom locked the doors of his residence, and he was startled Friday night when deep voices called to him to awaken and get out of bed. The suddenly aroused man saw standing about the room six men with blackened faces, each armed with a revolver. In his terror he attempted to cry out, but was suddenly checked by the leader of the gang, who said: "Keep quiet or you will land in hell in five minutes."

The White Caps forced him out of bed and to a wood near by, where they proceeded to castigate him with the regulation switches of the White Cap order. He was not seriously hurt, but was given several licks that he will remember for a long time.

The White Caps claim that Wilkey had been unduly intimate with a woman of the neighborhood, but this he indignantly denies, as also do his friends. He claims to have recognized three of his assailants, and several of the alleged guilty persons will be arrested.

Reliable information just received from Bogard township represents that Wilkey has armed himself, and, single-handed and alone, has gone in pursuit of his assailants. He is represented as a determined, dangerous man when aroused, and there are those of his neighbors who believe that he will slay his cowardly assailants unless they skip from the county. There is great excitement in the northern part of the county over the outrage, and it is believed that should the criminals be caught they will be roughly handled.

A Collision of Engines.

NEW YORK, Aug. 18.—Engine No. 842, in charge of Engineer Smith and Fireman Foster, was run into late Saturday night by engine 841 near Melrose station on the Hudson River railroad. Fireman Foster was thrown to the ground and severely bruised. Smith escaped unharmed. Engine 842 was coming off the Point Morris branch of the Harlem division, and engine 841 was running light from White Plains to the Grand Central station at the time of the collision. The road was blocked several hours. It was denied at the Grand Central station that the accident was due to inexperienced switchmen.

Valuable Barn Burned.

SPRINGFIELD, O., Aug. 18.—The immense barn of Henry Snyder, at Snyder's station, seven miles west of here, burned to the ground Saturday night. A fine driving horse, thirty-five hogs, and a number of calves were consumed in the flames, in addition to tons of hay, bushels of wheat, etc. Loss, \$10,000; partly covered by insurance. Origin unknown.

Four People Drowned.

SAN FRANCISCO, Aug. 18.—Yesterday morning Albert Lawrence, son of the late superintendent of water works, Michael Quinn, Mary Gail and Miss McNamara, were drowned in Crystal Springs lake by the capsizing of a yacht in a squall. The bodies were shortly afterwards recovered.

A Young Girl Despondent.

ZANESVILLE, O., Aug. 18.—Alice McBride, aged 17, attempted suicide by taking laudanum. Despondency was the cause of the act. She will recover.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

MONDAY, AUGUST 18, 1890.

THERE are thirty-two saloons in Brown County, O. And only a few days ago some people were saying it was awful "dry" over there.

COLONEL BENNETT H. YOUNG, delegate from Louisville to the Constitutional convention, is "for the ballot, an absolutely secret ballot" for future elections in Kentucky.

THE pension raid is reaching huge proportions. The applications are said to be pouring in at the rate of 10,000 a day. No wonder the claim agents at Washington are getting rich.

JUDGE THOMAS, of Vanceburg, it is said admits that the Farmers' Alliance is the biggest thing he ever tackled. He is apt to have even a still higher opinion of the Alliance before it gets through with Lewis County affairs.

If the approaching constitutional Convention listens to the general demand, it will make radical changes in the election system of the State. Let the ballot be made a secret one and the Australian or some other system that will put an end to corruption at the polls be adopted.

DEACON RICHARD SMITH, of the Cincinnati Commercial Gazette, solemnly asserts that "you can get two thousand two hundred and thirty-four drinks in Hamilton County without going into the same saloon twice." Wonder how long it took him to find it out. He must have had a hilarious and high old time.

WHAT next? The Philadelphia Press, a Republican journal, charges that the course Senator Quay has pursued in reference to pending legislation is "a betrayal of the Republican party to the Democratic minority." The Press knows Quay, and no doubt feels that he is unprincipled enough to do anything. And this man still continues at the head of the Republican National Executive Committee.

THE Chicago Times does not mince words in denouncing Republican leaders. Hear it: "A Congress which does not permit debate, and which slavishly obeys the mandates of a few bullies like Reed and Ingalls, has lost its liberties as truly as though they had been forcibly taken away from it by a man on horseback. That it has surrendered them of its own accord does not change the situation in the least. The wretches who have degraded the people in this manner must be dealt with by the people. Fifty years ago such creatures would not have ventured to face their constituents. Are we now so secure in our rights that we can safely tolerate the most impudent invasion of them? Is eternal vigilance no longer the price of liberty?"

In announcing his withdrawal from the Republican party, Mr. Leonidas J. Moore, of North Carolina, says: "For twenty years past in every election, both National and State, I have cast my ballots for the Republican party. I have continued in the same old course. The time has come, however, in my judgment, when no man who lives in the South can longer affiliate with the Republican party without an utter indifference to the welfare and well being of the whole people of the Southern States. The legislation of the present Congress has been such as to convince any man of sense that if the South does not, to a man, resist the encroachment of the Republican party upon its rights and interests very soon we will be but provinces, so to speak, and the general legislation of the Republic will not apply to us."

So much for the proposed Force bill. Carry the news to Reed, Hoar, Lodge and the other reckless conspirators against the peace and prosperity of the country.

Still at the Front.

The overwhelming majority (2,217) given by Mason County in favor of the school tax seems to have attracted the attention of educators throughout the State, and the result is universally interpreted as an expression of popular determination to maintain in the future the reputation which the county has enjoyed in the past. According to Prof. Shaler, of Harvard University, the county of Mason has always been "the best schooled county in the State," and if that distinguished gentleman should publish a revised edition of his history, he may make note of the fact that Mason County, in an educational point of view, is still confessedly at the front, although the public school system of Kentucky was never so flourishing as now. By virtue of her recent vote she has obtained universal recognition as the "banner county" of the State. If her sister counties should decide to adopt the same measure, the State of Kentucky will furnish a decisive proof that the seductive provisions of the Blair bill have no irresistible attractions for her.

TRAIN LOADS

Of Fast Trotters and Swift Pacers for the Fair This Week—List of the Arrivals.

Dr. Sparks and Bethlehem Star were the first trotters to arrive from Central Kentucky for the fair and races this week. They reached here Saturday at noon, the former in charge of the veteran trainer Jack Hook, of Paris, and the latter in charge of one of Mr. Crabb's drivers, from Eminence.

These arrivals were followed early yesterday morning by a special train of thirteen cars loaded with over fifty racers, most of the crack trotters and pacers of the State being in the number. Look at the list: Grafton, Sternberg, Exwood, Ready Boy, Guesswork, Lansing B., Ben Hur, Sprague Wilkes, Van Tassel, General Wilkes, Blameless, George Simmons, Big Frank, Bud Doble, Laverne, Moonstone, Greenleaf, Georgia Lee, New York Central, Lady DeJarnette, Laura F., Billy A., Jeremiah, McAlister, Mattie H., O. M. C., Evangeline, Mattie Wilkes, Sam Wilkes, Hixie McGregor, Elkhorn, Fancy Bess, Position, Vatican, Nellie Mason, Nutpatch, Permotor, Prelude, Bourbon Russell, Andy Cutter, Gray Velvet, Wanona, Minnie Cassell, Pat My Boy, Nancy Hanks, Viola Medium, Rasleish, N. H. R., Robert Mantell, Glenview Belle, Benoni, Precia, Colonel Tom and Stella Belmont.

These are not half the entries for the trots and paces this week. Other arrivals are expected to-day, and by to-morrow evening the large stables at the grounds will be crowded.

In the above lot are the swift pacers, Bud Doble and Minnie Cassell. The special match race between these two for a purse of \$500 will be one of the attractions Friday. They are both fast. Doble has a record of 2:13½, and Cassell, a record of 2:18½, but it is claimed she can go in 2:12. A great race is promised.

Jeremiah, Grafton, General Wilkes and Bethlehem Star are in the 2:21 class Thursday; Mattie H., Dr. Sparks, Bourbon Russell, Ben Hur and Mattie Wilkes in the 2:25 class Saturday, and Nancy Hanks, Glenview Belle, Greenleaf, Bonnie Wilmore, New York Central and Mattie H. in the great four-year-old stake Thursday. Hanks won the four-year-old stake at Nicholasville in 2:18, but was closely pushed by Glenview Belle and Bonnie Wilmore. These, and in fact all the other races, promise to be warmly contested.

It is claimed George Simmons, entered in the 2:35 class Friday, went a mile in 2:23 a few days ago. Nellie Mason, in the same class, won the 2:40 trot at Nicholasville Friday in the third, fourth and fifth heats, in 2:26½, 2:28½ and 2:27½.

Mattie H. was timed in the four-year-old race at Nicholasville in 2:21½ in the last heat. This mare is rapidly improving and will yet give Nancy Hanks a tussle.—Danville Advocate.

Gambetta Wilkes goes to the Maysville races this week and while there will be sent for a fast mile. If he doesn't trot better than 2:17 many persons will be disappointed. He has been working extremely well and showing bursts of speed at a 2:15 gait. If he beats 2:18 he will be the next fastest son of George Wilkes.—Danville Advocate.

Colonel Tom won the 2:29 trot at Nicholasville in 2:28½.

Moonstone captured the purse in 2:35 class at Nicholasville. Best time 2:32½. Sternberg won the first heat in same race in 2:31. In the 3:00 class Viola Medium won third heat in 2:26½.

Real Estate Transfers

Silas N. Robinson to C. B. Childe, grantor's interest in a small tract of land in the upper end of Charleston Bottom; consideration, \$275.

Mathias Lites heirs, &c., by Master Commissioner, to Albert Wilson, 19 acres, 1 rood and 13 poles of land on Flat Fork of Johnson Creek; consideration, \$1,289.87.

Aquilla Chamberlain's heirs &c. by Master Commissioner to O. L. King, J. R. King, A. M. J. Cochran and T. C. Campbell, 223 acres of land on the North Fork; consideration, \$16,056.

THREE years ago, Eugene Fitzgerald killed Tice Hall at Georgetown, Ky. He was sentenced to the "pen" for twenty-one years, but was paroled at the end of two years. Last week he attempted to commit suicide by taking morphine. He says he "could not forget the face of his best friend whom he had killed, and unless he could kill himself he knew that it would haunt him for life."

THE Directors of the street railway company at Winchester thought they were "bigger" men than Judge Morton, of the Clark Circuit Court, and paid no attention to an order enjoining them from building their road along one of the streets of that place. No doubt they are all convinced now they made a mistake, as they were placed under arrest Friday for contempt of court. They are Colonel H. P. Thompson, Judge W. M. Beckner, Ex-Mayor John E. Garner, Ex-Mayor J. D. Simpson, S. P. Kerr, S. F. Curtis and Hon. T. G. Stuart.

SUDDEN SUMMONS.

Death of Samuel B. Poyntz Early Sunday Morning After a Brief Illness.

The news of the death of Mr. Samuel B. Poyntz yesterday morning was a shock to many of his intimate friends. They knew that he was ill Saturday evening, but few outside of his family, his physician and some of his most intimate associates, were aware that his condition was critical.

Mr. Poyntz recently returned from Esculapia and Glenn Springs, and was enjoying his usual health until last week, when he was taken ill on Thursday afternoon. He had suffered similar attacks frequently, but generally succeeded in obtaining relief in a short while. This time, however, the expected relief didn't come. The patient grew worse, and on Saturday his condition became critical. He lingered through the night, until the dawn of Sabbath day when the end came about six o'clock. Neuralgia of the heart is attributed as the cause of death.

Deceased was a native of Maysville. He was born June 23, 1819, and lived the three score years and ten allotted to man. His life was passed in this city, with the exception of about six years during which period he was engaged in the wholesale grocery business at Cincinnati. For the past thirty years he had been engaged in the wholesale liquor business in Maysville—first under the firm name of S. B. Poyntz & Co., then as Poyntz, Wheatley & Co., then Poyntz & Watson, then S. B. Poyntz & Sons, again as Poyntz & Watson, which last firm was dissolved four months ago by the death of Mr. Watson.

Mr. Poyntz had but a few weeks ago retired from active business.

Deceased was a quiet, unassuming, thorough-going business man and a good citizen. His wife, who was Miss Mary Dewees, survives him, and he leaves six children, five sons and one daughter—Messrs. Nat Poyntz, John B. Poyntz, Mrs. Lizzie Hicks and Ollie B. Poyntz, of Orlando, Fla., and Senator Charles B. Poyntz and Mr. Ben B. Poyntz, of this city.

The funeral will take place Tuesday afternoon from the family residence on East Front street at 3 o'clock.

Keene, the Tragedean.

Thomas W. Keene, the eminent tragedian, begins the season at Staunton, Va., this evening. Mr. Keene rested this summer at his home at Castleton Corners, Staten Island, and starts out in finer health and spirits than he has enjoyed for years. His company this year is a very strong one, as will be seen by its roster which contains the names of Henrietta Vaders, Lavinia Shannon, Jennie Ellison, Mrs. S. A. Baker, George Learock, Eugene Moore, Fred Henning, Jules Scott, Carl Ahrendt, Edmund Lawrence, Geoffrey Stein, J. J. Cummings, Thos. R. Eagleson, John Griffiths and Marwood Andrews. Mr. Keene and his splendid company will appear here next Thursday, Friday and Saturday nights in three of his best characters—"Richard III," "Richelieu" and "Othello." Keene is among the leading tragedians of the country and Maysville and Mason County people should not miss this opportunity of seeing him. The box-sheet at Taylor's, reserved seat tickets are going fast, and if you want choice, don't delay in selecting them.

A YOUNGSTER'S ASTONISHING RECORD

"Will wonders never cease?" asked an old woman. We answer: we think not, so long as there's enough sand, grit and backbone left to make "snap." This refers to our young trotter now just turning its first year. But a twelve-month ago it first heard the magic word "go." Starting finely, abreast of old trotters who had the advantage of years of training at the hands of experienced grooms and professional drivers, he distanced the field, and has become the favorite of all those who admire the quality of "go," whether it be in horse, man or machine. And everybody admires the spirit of it. The name of our yearling is the

Mammoth Spot Cash Shoe Store!

We started out one year ago with the largest and best-selected retail stock of BOOTS and SHOES ever seen in Kentucky, to sell on a strictly one-price and CASH plan, as an experiment having confidence that, with such a stock, at prices far below any ever known, our friends would appreciate our efforts and reward us with a liberal patronage. They have done this far beyond our most extravagant expectations. For this our gratitude is greater than cold words can express.

In entering upon the second year of our existence, we present our compliments to our friends, and beg to say we shall not abate one whit of our efforts to continue to deserve their favors and merit their confidence. Come and see us; we will save you money.

River News.

There was a small run of coal from the Kanawha last week.

The White Collar Line has abandoned the Portsmouth trade during the low water. They are running the Telegraph, City of Vevay and Capital City in the Pomeroy trade, L. A. Sherley in the Maysville trade, W. N. Chancellor and General Pike to Madison and the Bonanza and St. Lawrence to Louisville.

The biggest tow of coal ever handled by any boat was that taken to New Orleans in 1879 by the Joe B. Williams. It consisted of thirty-two boats and barges, containing 600,000 bushels (seventy-six pounds to the bushel) of coal, exclusive of her own fuel. Her fuel bill, at three cents a bushel, amounted to \$18,000. It would take 1,800 cars of 333 bushels to the car to transport this amount of coal.

MINER'S AXIMS

In the race for business,
Shoes are our horses,
Price is our jockey,
And we ride to win.

And you know that means our horse is never going to be overweighted by his jockey; or, in plain words, our shoes are not going to be overweighted by Price.

We are in the race to win business. We are winning it. That shows that our jockey is all right. There's nothing the matter with OUR PRICE.

But we sell GOOD shoes only? Of course we do. And "good shoes bring a good price," say you. Right again! But a "good" price is not necessarily a high price or a big price, any more than a "good" man is necessarily a tall man, or a "good" woman a big woman. That's why our prices can be both "good" and small.

For that's what they are. All the more reason why you should not pay a "good" price for a poor shoe, when you can get GOOD shoes at a low price at MINER'S.

ALL JOB WORK of all kinds executed in the best manner.

For the Farmer and Stockman.
Glover & Durrett, of the Louisville Tobacco Warehouse, has issued a circular giving the result of a very careful and exhaustive research into the extent and condition of the growing crop. Their estimate is based upon replies from 9,120 growers in Ohio, Kentucky, Indiana and Tennessee.

In the barley district the acreage is placed at 18,462 as compared with 21,169 last year. In the dark district the acreage is placed at 24,172 as compared with 30,995 last year. The following figures upon the estimates of the yield of tobacco in the West are given. Yield in pounds for dark producing districts of Kentucky and adjoining States: 1888, 230,000,000; 1889, 120,000,000; 1890, 102,000,000. Yield in pounds in the barley producing districts of Kentucky and adjoining States: 1888, 125,000,000; 1889, 94,000,000; 1890, 82,000,000. They add: "The above estimate for 1890 is based upon the acreage planted, without making any calculation whatever as to the probable shortage in the yield this year compared with the previous years. The present condition of the crop on the hill, in connection with the usually bad stand which was secured, would lead to the conclusion that the product per acre would be at least 10 per cent short as compared with the yields of 1888 and 1889. Future weather conditions will of course have important bearings upon this estimate of reduction in yield, but the farmers reporting their acreage to us also report the crop condition and from these returns, together with very extensive and general observations, we would say that it will require admirable future weather conditions, contemplating a late frost, if the above estimated reduction in yield per acre is not exceeded rather than diminished. Thus we estimate that the yield in the dark producing sections of the West will be 28,000,000 lbs. below that of last year and 138,000,000 lbs. below the yield of 1888, on the basis of 10 per cent reduction in yield per acre. The shortage in barley on the same basis will be 20,000,000 lbs. as compared with 1889, and 51,000,000 lbs. as compared with 1888."

Railway News.

A movement is on foot to build a road from Nicholasville to Lancaster. Colonel Bennett H. Young and Judge Richards are behind it.

There seems to be a great demand for canteloupes on the F. F. V.'s dining-car, as General Passenger Agent Fuller telegraphed Chief Clerk Ryan: "Buy all the canteloupes you can get, and don't let cars go without them."

"You will see the greatest blockade of cars in the history of railroading this fall," says an old railroad man. "The railroads are working to their full capacity at present, and what will the condition of affairs be when millions of bushels of wheat, oats and corn and thousands of bales of cotton begin to move."

The Louisville Post says: "The growth of the passenger traffic on the Chesapeake and Ohio has been one of the surprises. The road was practically unknown as a passenger route when the present management took hold of it and placed Harry Fuller at the head of the passenger department, and the records show that the last twelve months there is not a road running out of Cincinnati that has carried as many passengers East as has the C. & O."

During our epidemic of dysentery in the summer of 1879, I sold 108 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it proved satisfactory in every instance. The remedy is standard in this community.—Geo. B. Dunbar, druggist, Center Point, Iowa. The epidemic referred to was by far the worst that has ever occurred in Iowa. Over 400 persons died from it in a town of only 500 inhabitants; but every case in which this remedy was used recovered. It was equally successful during the epidemic of bloody flux in Virginia in 1887, and in Michigan and Southern Illinois in 1888. It has been in constant use for over eighteen years, and has proved itself to be the most successful medicine yet discovered for bowel complaints. For sale by Power & Reynolds.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, head-aches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

THE WONDERS OF OSIRIS

THE MYSTERY OF CHELKA OIR.

Herod, Emperor of Persia B. C. 700, becoming alarmed at gradually losing his power through the superstitious belief of his people in the Maspians, (wizards or magicians); after consulting the seven Princes permitted to see his face (Who see the King's face. Ezra, VII; 14), determined to exterminate them, and so retain his powerful ascendancy; and consequently issued an order that on the third full moon all the Maspians should assemble at the Chasm of Bokhara, where he commanded his soldiers, to force them (some hundreds of Maspians) at the point of the scimitar to jump into the chasm;

and that there should not be one left, the initials of each magician were engraved on a stone, (Graven with iron in the rock forever. Job. XIX, 24.) and on the last one, (Osiris), being placed in position for the terrible death leap, he uttered a malediction, the last words of which were; "My body will perish, but in that stone to which I now bequeath my magic Art, my spirit shall live for evermore;" and with one unearthly shriek, Osiris the last and greatest of all the Maspians, disappeared in the chasm.

Now Herod, being troubled at these words of Osiris, to which he attributed a fearful significance, and, as an effort to counteract the supposed power conveyed to this stone by Osiris, ordered to be built the Temple of Persepolis, using this engraved stone, (afterwards named Osiris), as a corner stone.

Hundreds of years after, when the Temple became a ruin, (as it exists today), this stone was presented by the present Shah's father to France, on the occasion of the coronation of Napoleon Bonaparte as Emperor. And it is still on exhibition at the Palace of the Luxembourg, Paris, at the present time, where it is viewed with much interest by tourists.

The initials of the Maspians, as they were arranged on the stone of Osiris, will tell you your ruling planet, the tribe of Israel you descend from, and your principal characteristic, and will also answer questions concerning your future Business Prospects, Luck, Wishes, (whether to be granted or not), Wealth and Marriage.

On application at our store we will present free of cost, (up to date as under mentioned), a fac-simile impression of the great stone of Osiris, with directions how to work it, so that you will be enabled to tell your own fortunes and that of your friends.

After the expiration of the following date the marvellous Osiris cards will be given only to purchasers of goods at,
